

CHATEAU DE LA BAUDONNIERE

Little jobs (Petits Boulots)

Apart from the first day of their stay at the château, children have to do little jobs before or after they have had their lunch. They take place at 12.00 PM or 1.40 PM and they last for approximately 20 minutes. The children have enough time afterwards to get to lunch on time or to get ready for the next activity session.

The “Petits Boulots” include

- Feeding the llamas/horses.
- Visiting the mini farm.
- Tour of the Cider making.
- Collecting rubbish (unsupervised activity).
- Calendar: they are responsible for updating all the calendars in the dining rooms (date, weather, etc...).
